DEDICATION

BEATRICE GELLER
B.A., M.A.
Director of Guidance
City of Newark

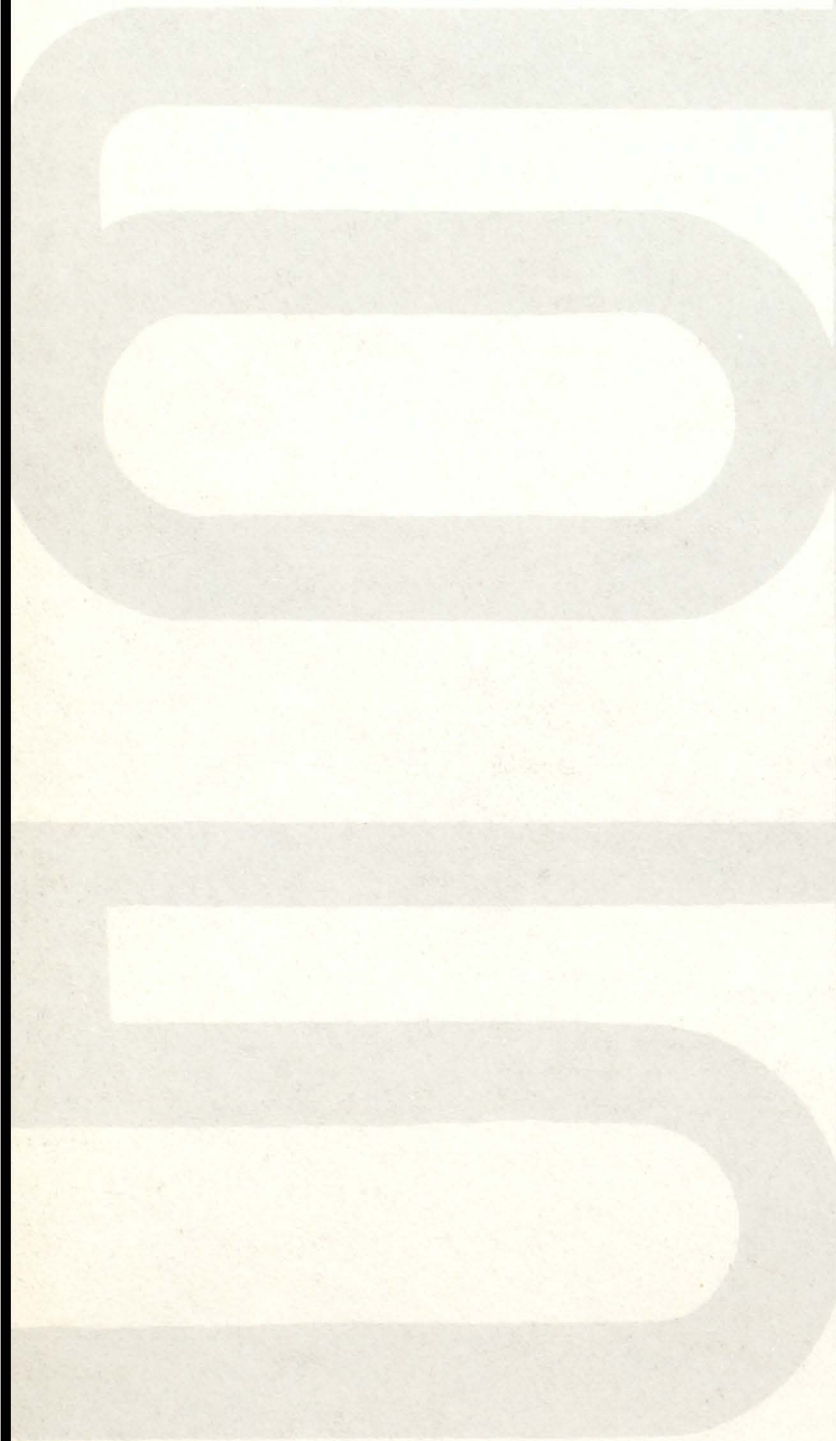

The Class of 1965 is proud to dedicate this year's Vignette to Mrs. Beatrice Geller, our former Vice-Principal.

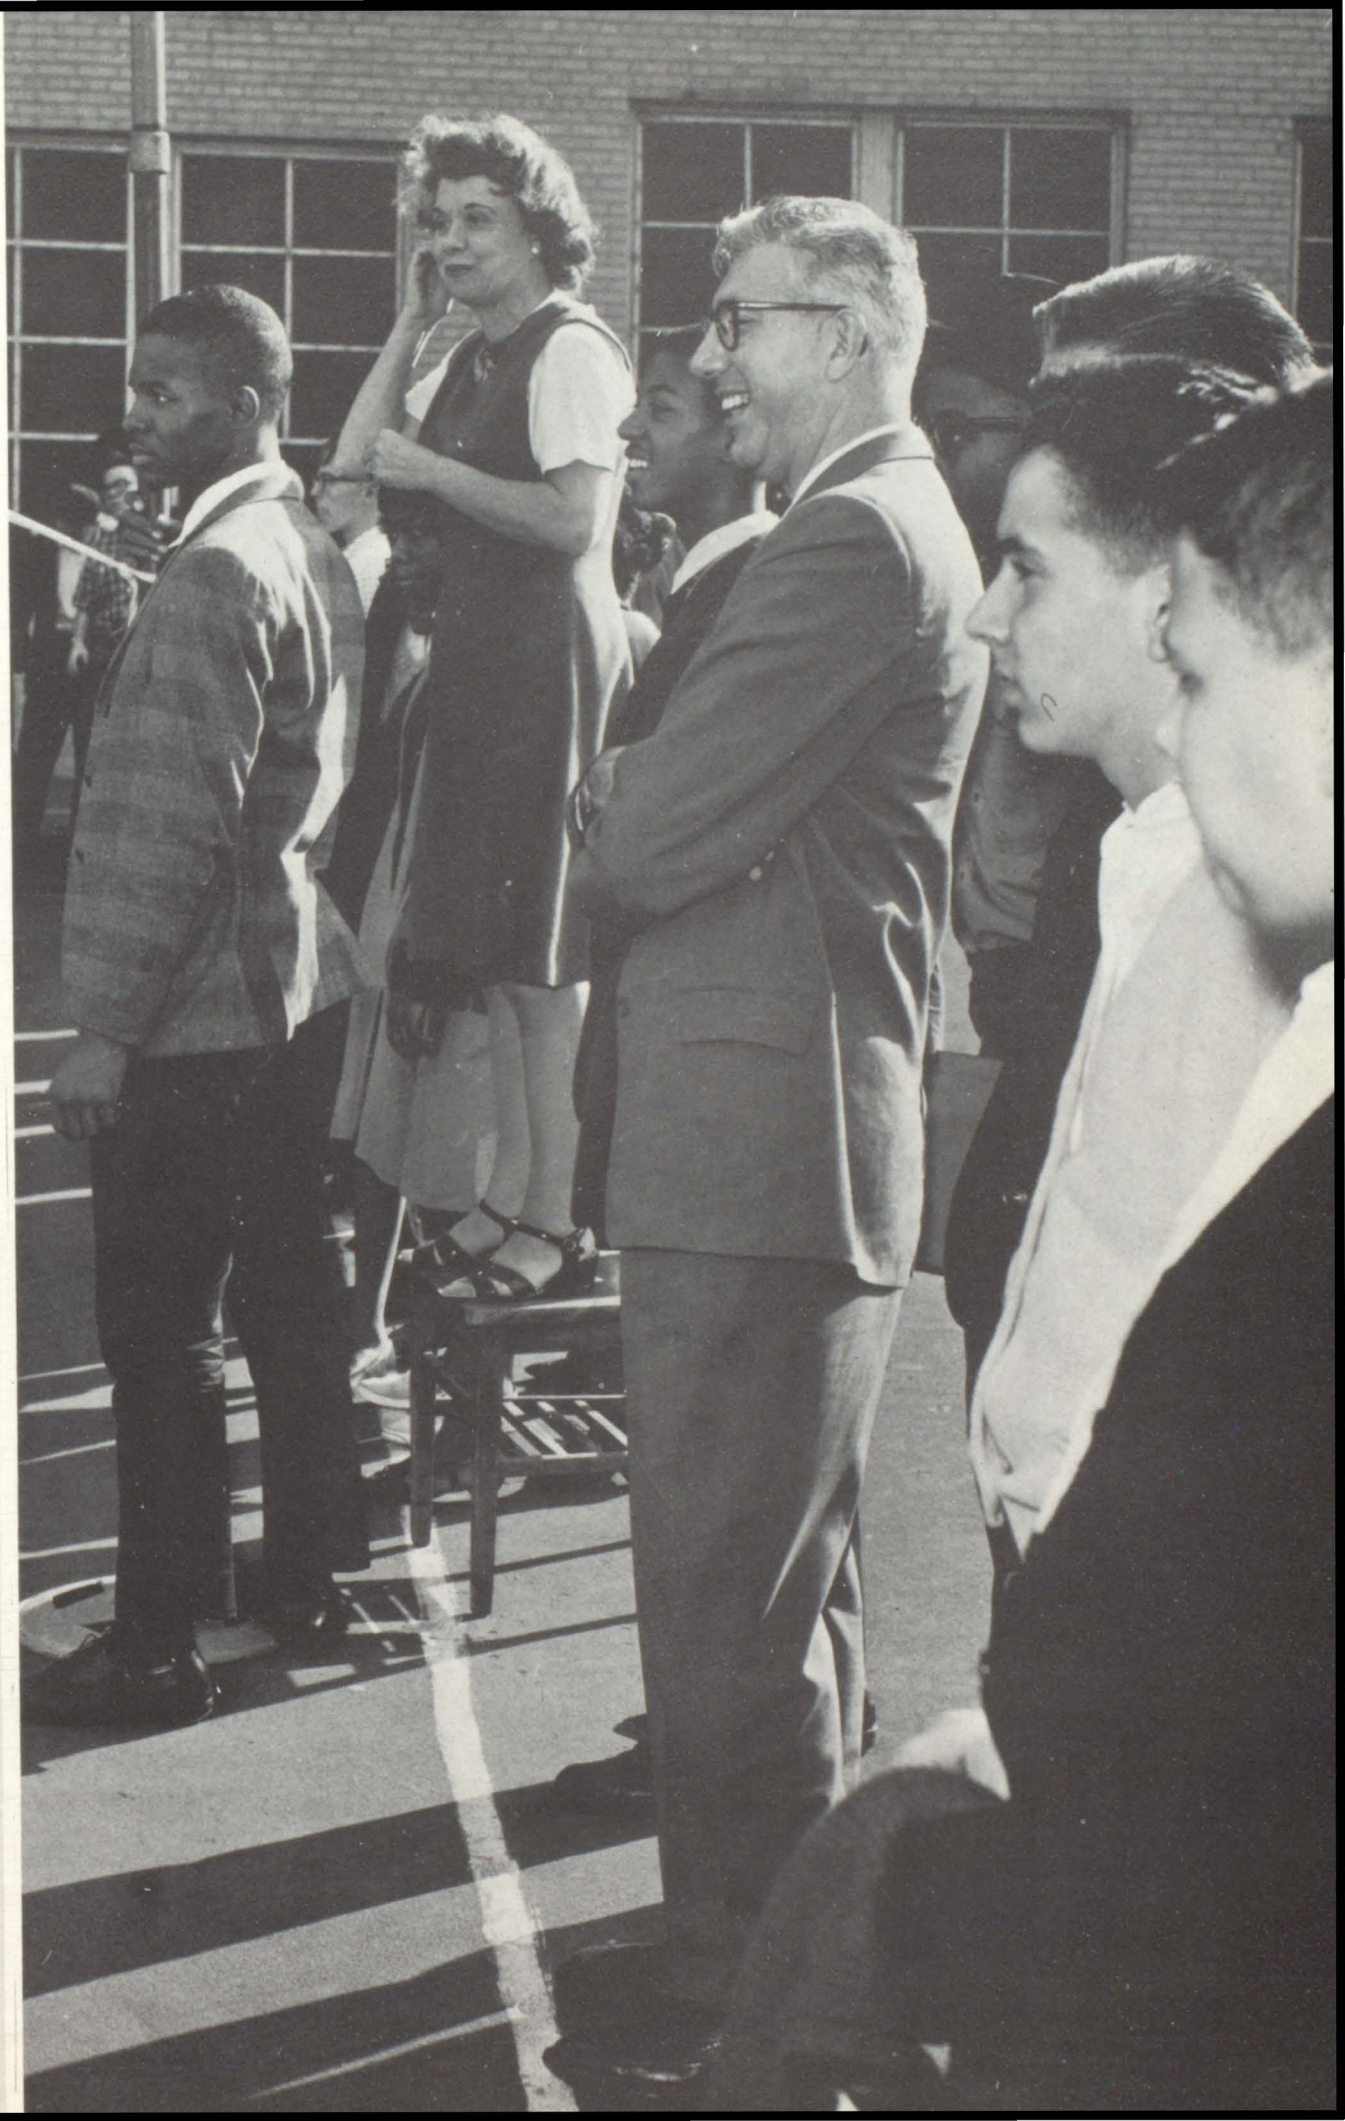

Mrs. Geller is not only an efficient, competent, hard-working administrator, but also a friendly, patient, and gracious person. Over the years, she has given us understanding, inspiration and encouragement. Although no longer a member of the staff here at Arts High, she still is not only avidly interested in us, but also genuinely concerned about our welfare.

With deep respect and admiration, we extend to Mrs. Geller sincere wishes that she will find her new position as Director of Guidance for the Newark schools a satisfying and rewarding experience.

VICE PRINCIPAL

The passage of time makes inevitable the creation of judgments. In the period of our years we must unequivocally reach certain junctions where it is necessary to pause and reexamine the road maps. Whether we commit ourselves consciously to a course of action or prefer the less arduous way of committing ourselves by failure to act is relatively unimportant—for in either event we have destined ourselves to a path of movement. Thus, the simple task of deciding whether or not to apply for scholarship is all too often made by permitting the application deadline date to slip slowly but, nevertheless, irrevocably by. Perhaps it is well, though, that there exists this pleasant alternative to conscious decision-making, for life might be unbearable without it.

It would seem to me that in the time chart of our lives, the past few years and the next few to come play a role that much outweighs in importance any other equal period. We are called upon to formulate a guide that will affect our movement for the next sixty years . . . Yes, insurance companies are making their bets and placing odds in favor of our reaching what now appears to be the unlikely age of seventy-five. And, yet, the choice of selecting among alternatives—a smorgasbord of destinies—is left to a fifteen year old (!) . . . a novice in judgment-making—less than knowledgeable in foreseeing the consequences of his actions. But we must! Though we seek advice from our parents, our friends, our counselors, our teachers, . . . and even occasionally . . . , our principal—ultimately the decision we reach must be our own. We can, however console ourselves in the knowledge that there are hundreds of thousands of others like us facing this problem . . . and that the passage of time and the accumulation of experiences may enable us to re-evaluate our judgments.

Your graduation from Arts High School is not an ending. It is a beginning!! And, even though reminiscing about these past four years may be a pleasant pastime, it seems to me that planning and preparation, hoping and dreaming, are more in order. Now, more than ever, you cannot be satisfied with what you have done and with what you are. Not completely, that is. There is so much more for each of you to do, so much to learn, so many places to see and people to hear, so many more experiences to be met and felt. We live in a world which is dissatisfied with stagnation and hungry for conquests. We live in an age when man's merciless adversaries, Hunger and Disease, Ignorance and Fear, Want and Frustration are being challenged at every turn. This is an exciting time! But, will it continue? And, will you contribute? How far we progress, how more perfect becomes our society and our world, will depend primarily on the energy, resources, and accomplishments of individuals. Therefore, the richer you make yourself in mind and spirit in the days ahead, the more prepared you become for the demands of tomorrow, the more reason each of us will have to be optimistic.

Tony Cerruto and Linda Feinerman in a duet from Brigadoon.

BRIGADOON

Debbie Rollins and John Caprio enjoy a humorous interlude in Brigadoon.

A delightful view of the singers and dancers from the mythical town.

The marriage dance featuring Marion Tarr and Michael Szwarko.

"Brigadoon" is the tale of a mythical Scottish town that appears only once each hundred years. The legend goes if all the inhabitants have remained faithful to the town, it becomes a bustling city. But if, during this twenty-four hour period of life, anyone leaves the town, it will never again live. Tommy Albright, an American tourist, falls in love with a local girl, Pheona. When the town has disappeared and he has returned home he is magnetically drawn back to the spot where the town first appeared. The love between the two is so strong that the spell is broken for a few minutes, the town returns, and Tommy is allowed to become a permanent member of the community.

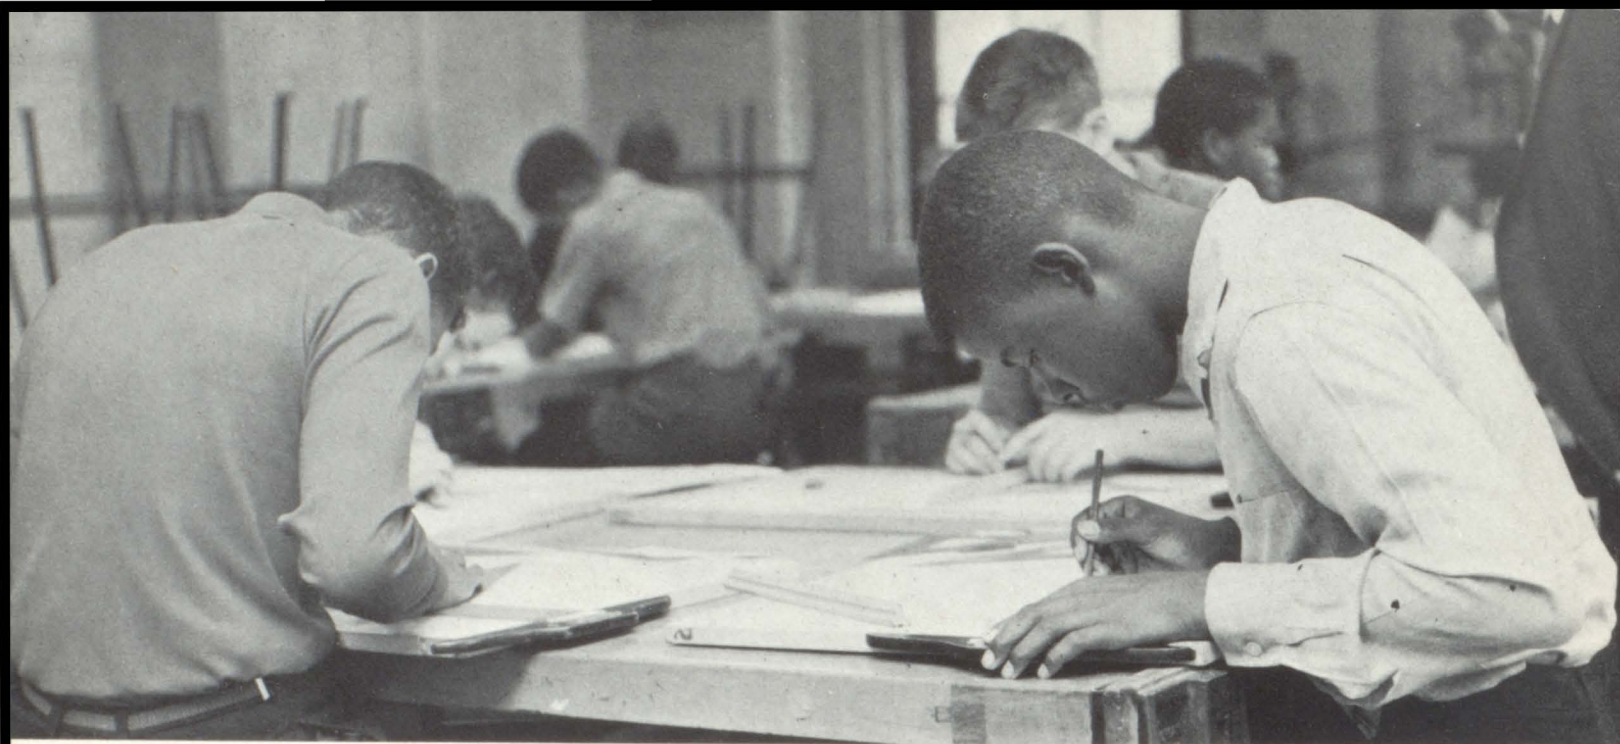

The show was a great success, largely because of enthusiastic students who worked hard under Mr. Pesile and Mr. Pickett with the assistance of Mrs. Shapiro and Mr. Tobia, all of the Music Department. When it was all over, there were a few more gray hairs; but those who participated agreed that it was fun and well worth it.

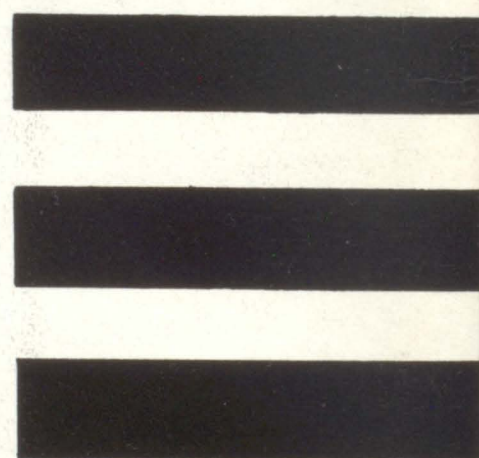

The famous Scottish sword dance.

Charles Demorat tells the fantastic story of the village of Brigadoon to Tony Cerruto, John Caprio, and Linda Feinerman.

A-PIN

The award of the A-Pin is made by the Student Council during the latter part of each semester to deserving students. To earn this pin a student must have given consistent and outstanding service to the school in activities or clubs which give no other award.

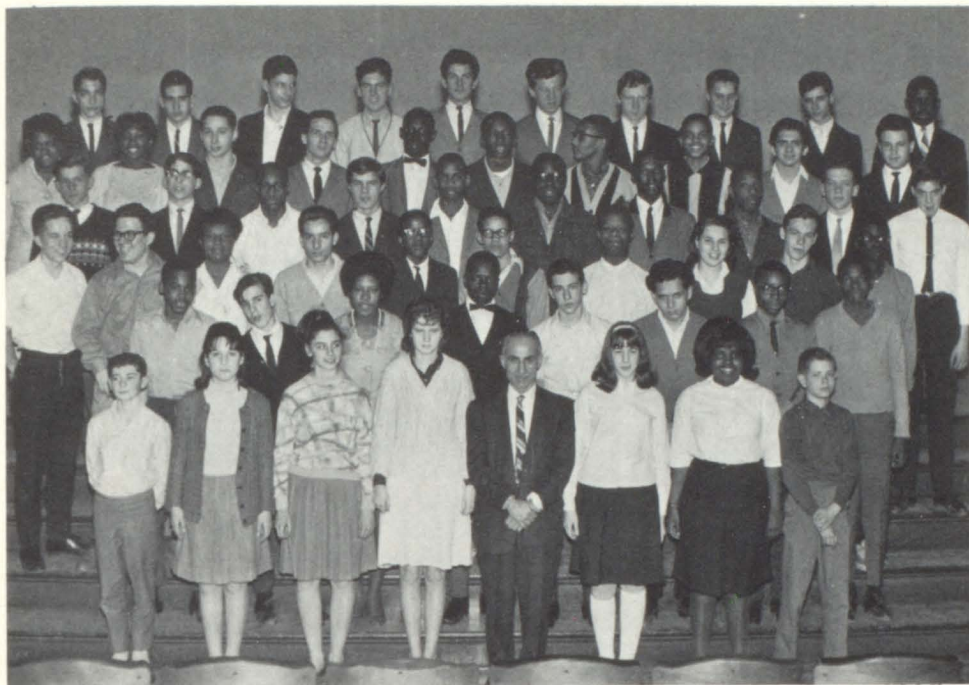

Every student at Arts is eligible to earn the A-Pin. By accumulating credits beginning with the freshman year a student is awarded the pin in either his junior or senior year if by that time, he has acquired the required number of points.

THE ACTORS' WORKSHOP

One of the newest clubs at Arts High, organized only in the fall of 1964 by Philip Gelormine, is directed by Mrs. Stiller, who has had much experience in the field of the dramatic arts. Its purpose is to develop the dramatic talents of its members. Both short dramatic sketches written by the students themselves, and plays by professional playwrights are used. Membership is open to everyone at Arts High, from freshmen to seniors. The Workshop, which meets every Wednesday, plans to give a play at one of the school assembly programs in the fall of 1965.

Sitting, left to right: Mrs. Stiller, Patricia Devlin, Deborah Stapleton, Joyce James.
Standing: Philip Gelormine, Faye Wichter, Brenda Hofler, Richard Hayes.

BAND

Our Band participates in a wide range of activities from parades and assembly programs to the Winter and Spring Concerts. Many members of the Band, which is directed by Mr. Tobia, have been selected to play in the All-State Band. Under the supervision of Mr. Calvin, captains Tony Cerruto and Larry Smith as well as co-captain Robert Bartkoviak plan to initiate the twenty-five club members into the intricate strategies of tournament chess. Next year, a program teaching the fundamentals of chess to beginners will be added to the club's program.

CHORUS

One hundred and eighty students belong to one of the musical organizations at Arts, the Chorus. The Chorus meets daily in class sessions to rehearse the songs for the numerous and varied programs it gives both at Arts and at other schools. Mr. Pickett has sole responsibility to teach the music for these programs. Throughout the year, a constantly changing and constantly challenging schedule of performances is met by the Chorus. These range from the Thanksgiving Assembly, the Christmas Fair, and the Winter Concert to the most brilliant production of the year—the musical or opera. Also the Chorus takes part in the Spring Concert, the Easter Assembly, and the Kiwanis Club program. The Chorus helps to give a musical conclusion to the school year when its members sing at graduation.

CORRIDOR PATROL

A new but very useful activity, the Corridor Patrol, was introduced during the current year of 1964-65. The students, all of whom volunteered for the Patrol, receive credits toward an A-Pin for their efforts. The Patrol members are on duty during the fifth and sixth lunch periods every school day; stationed on the first floor they accomplish their purpose of keeping the stairways to the second and the third floors clear and the upper floors quiet for the classes there in session.

THE CRAFTSMEN'S GROUP

A unique organization, the Craftsmen's Group, composed of both art and music students has for its chief purpose, the development of appreciating hand craftsmanship and the creation of products made from the original designs of the members. With no officers or regular meetings, but an active membership of fifteen students, the group does work in stained glass, silver, copper, enameling, and woodwork. They make earrings, pins, rings, and other beautiful and useful objects, some of which are sold at our annual Christmas Fair. The popular and attractive Valentine hearts for the Senior Dance were made by the Craftsmen. The series of trips to museums and art galleries in New York City made by the group each year are especially popular.

In the future, everyone feels that this game has a very bright opportunity of becoming one of the most popular sports in our school.

Members who may range from freshmen to seniors, must have at least a "C" average to join. Under the guidance of Miss Yuker, our student "Librarians" mend books and magazines, type catalog cards, shelve books and do some filing. Field trips each year are an enjoyable feature of the guild. A-Pin credit and valuable experience in library work are gained by the guild members.

MATH CLUB

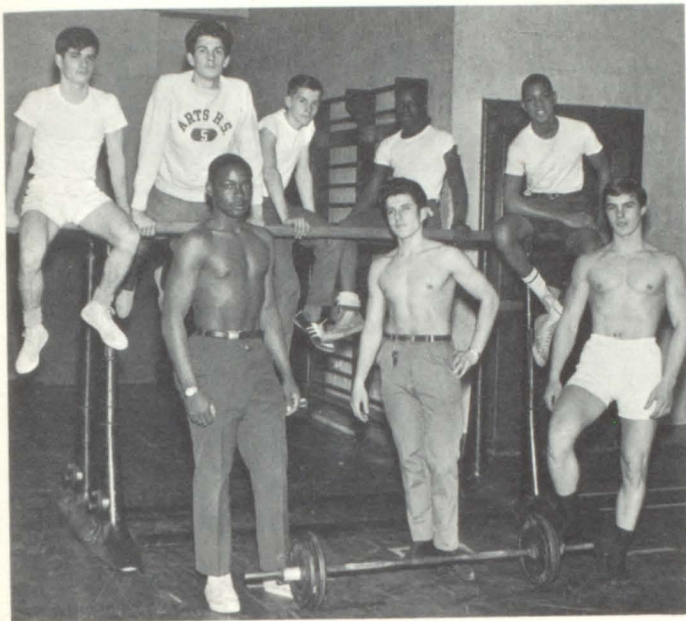

The Math Club meets every other Wednesday under the competent supervision of Miss Meyerson. The only requirement for membership is a half year of high school math and an interest in mathematics. At the meetings, activities include puzzles, mathematics for relaxation, guest speakers and frequently special reports given by the members. Often the group attends lectures and takes field trips to offices and museums to stress the importance of math today. The achievements of the club add much to the growth and development of Arts High.

ORCHESTRA

Our Orchestra, under the direction of Mr. Pesile, has played in the All-City and the All-State Orchestras. It also has presented many enjoyable programs in the form of assemblies, concerts, and the annual opera with a wide musical selection ranging from Brigadoon and Carousel to Mozart and Beethoven. Several students, especially soloists, have won honors in music while here at Arts and later have continued their musical training at such schools as Juilliard.

THE PHYSICAL FITNESS CLUB

The Physical Fitness Club, organized two years ago, is made up of a group of the most enthusiastic boys in the sports program here at Arts. We are very proud to have such an organization in our school, partly because it helps carry out the President's "Physical Fitness Program" and also because it develops skill and enthusiasm for sports. The program of the group includes wrestling, gymnastics, and weightlifting. Mr. Gentile sponsors the group, which meets Friday of each week in the fall and winter seasons.

RED CROSS

"We Serve" is the motto of the High School Red Cross. That Arts Red Cross is dedicated to service is seen in the two thousand hours of "Volunteer" service given last year to Newark hospitals, nurseries, and homes for the aged. These same organizations are remembered at holiday time with favors, presents, and tray covers. Each year "Operation Cookie" is responsible for sending dozens of homemade cookies to the Veterans Hospital in East Orange. Nightgowns, pajamas, and overalls are sewn for those made destitute by fire in Newark. Both in 1962 and 1964 the Arts High School Red Cross was given an Achievement Award by Parents' Magazine in recognition of this outstanding service rendered to our community.

"SCOPE"

Our school newspaper staff is made up of a group of hard working students. This year's SCOPE owes its success to the capability of the editors who work under the enthusiastic direction of Mr. Spindler. The SCOPE, the only complete record of all our school activities, is published approximately every month. The newspaper highlights every aspect of life at Arts from school news, sports, dances, clubs, editorials on student problems, and features on art and music to fads, fashion, and elections; anything and everything to inform and entertain the Arts High "family".

SPANISH CLUB

A touch of Spain and Latin America is given to Arts High by the Spanish Club, recently organized by Mr. Otero. The members sing Spanish songs, speak Spanish at their meetings, and learn different steps in a variety of Spanish dances. An assembly program will be given by our "Spaniards" even though the club is relatively new. Enrollment in a Spanish course is not necessary in order to join; any student may become a member.

THE STAGE CREW

The Stage Crew is a small group of boys under the direction of Mr. Gommoll and Mr. Marcus. The members are responsible for the sound equipment and the staging of all assembly programs and special events. Two of their most complicated and interesting assignments are the production of the annual operas, such as *Brigadoon* (1964) and *Carousel* (1965) and of the Christmas pageants and plays such as 1964's *Amahl and the Night Visitors*.

STUDENT COUNCIL

The legislature of Arts, the Student Council, is made up of two representatives from each homeroom and one representative from each club. They meet each Thursday after school. Some of their responsibilities are arranging for programs such as International Day and the Freshmen Orientation Program, selecting A-Pin candidates, and planning school dances. But above all, they try to meet the wishes of the school. One of the unusual and especially valuable services of the Student Council is to sponsor and to help financially a little South Korean girl.

NATIONAL HONOR SOCIETY

One of the greatest honors an Arts High student may earn is to be chosen for membership in the National Honor Society. Selection of new members is based on the high ideals of character, citizenship, leadership, and scholarship. Members who are selected by a faculty committee are inducted into the society at a most impressive candlelight ceremony that is one of the treasured traditions of our school. A reception for the new members and their parents follows in the gallery after the assembly.

"The traditional ceremony welcoming new members of the National Honor Society."

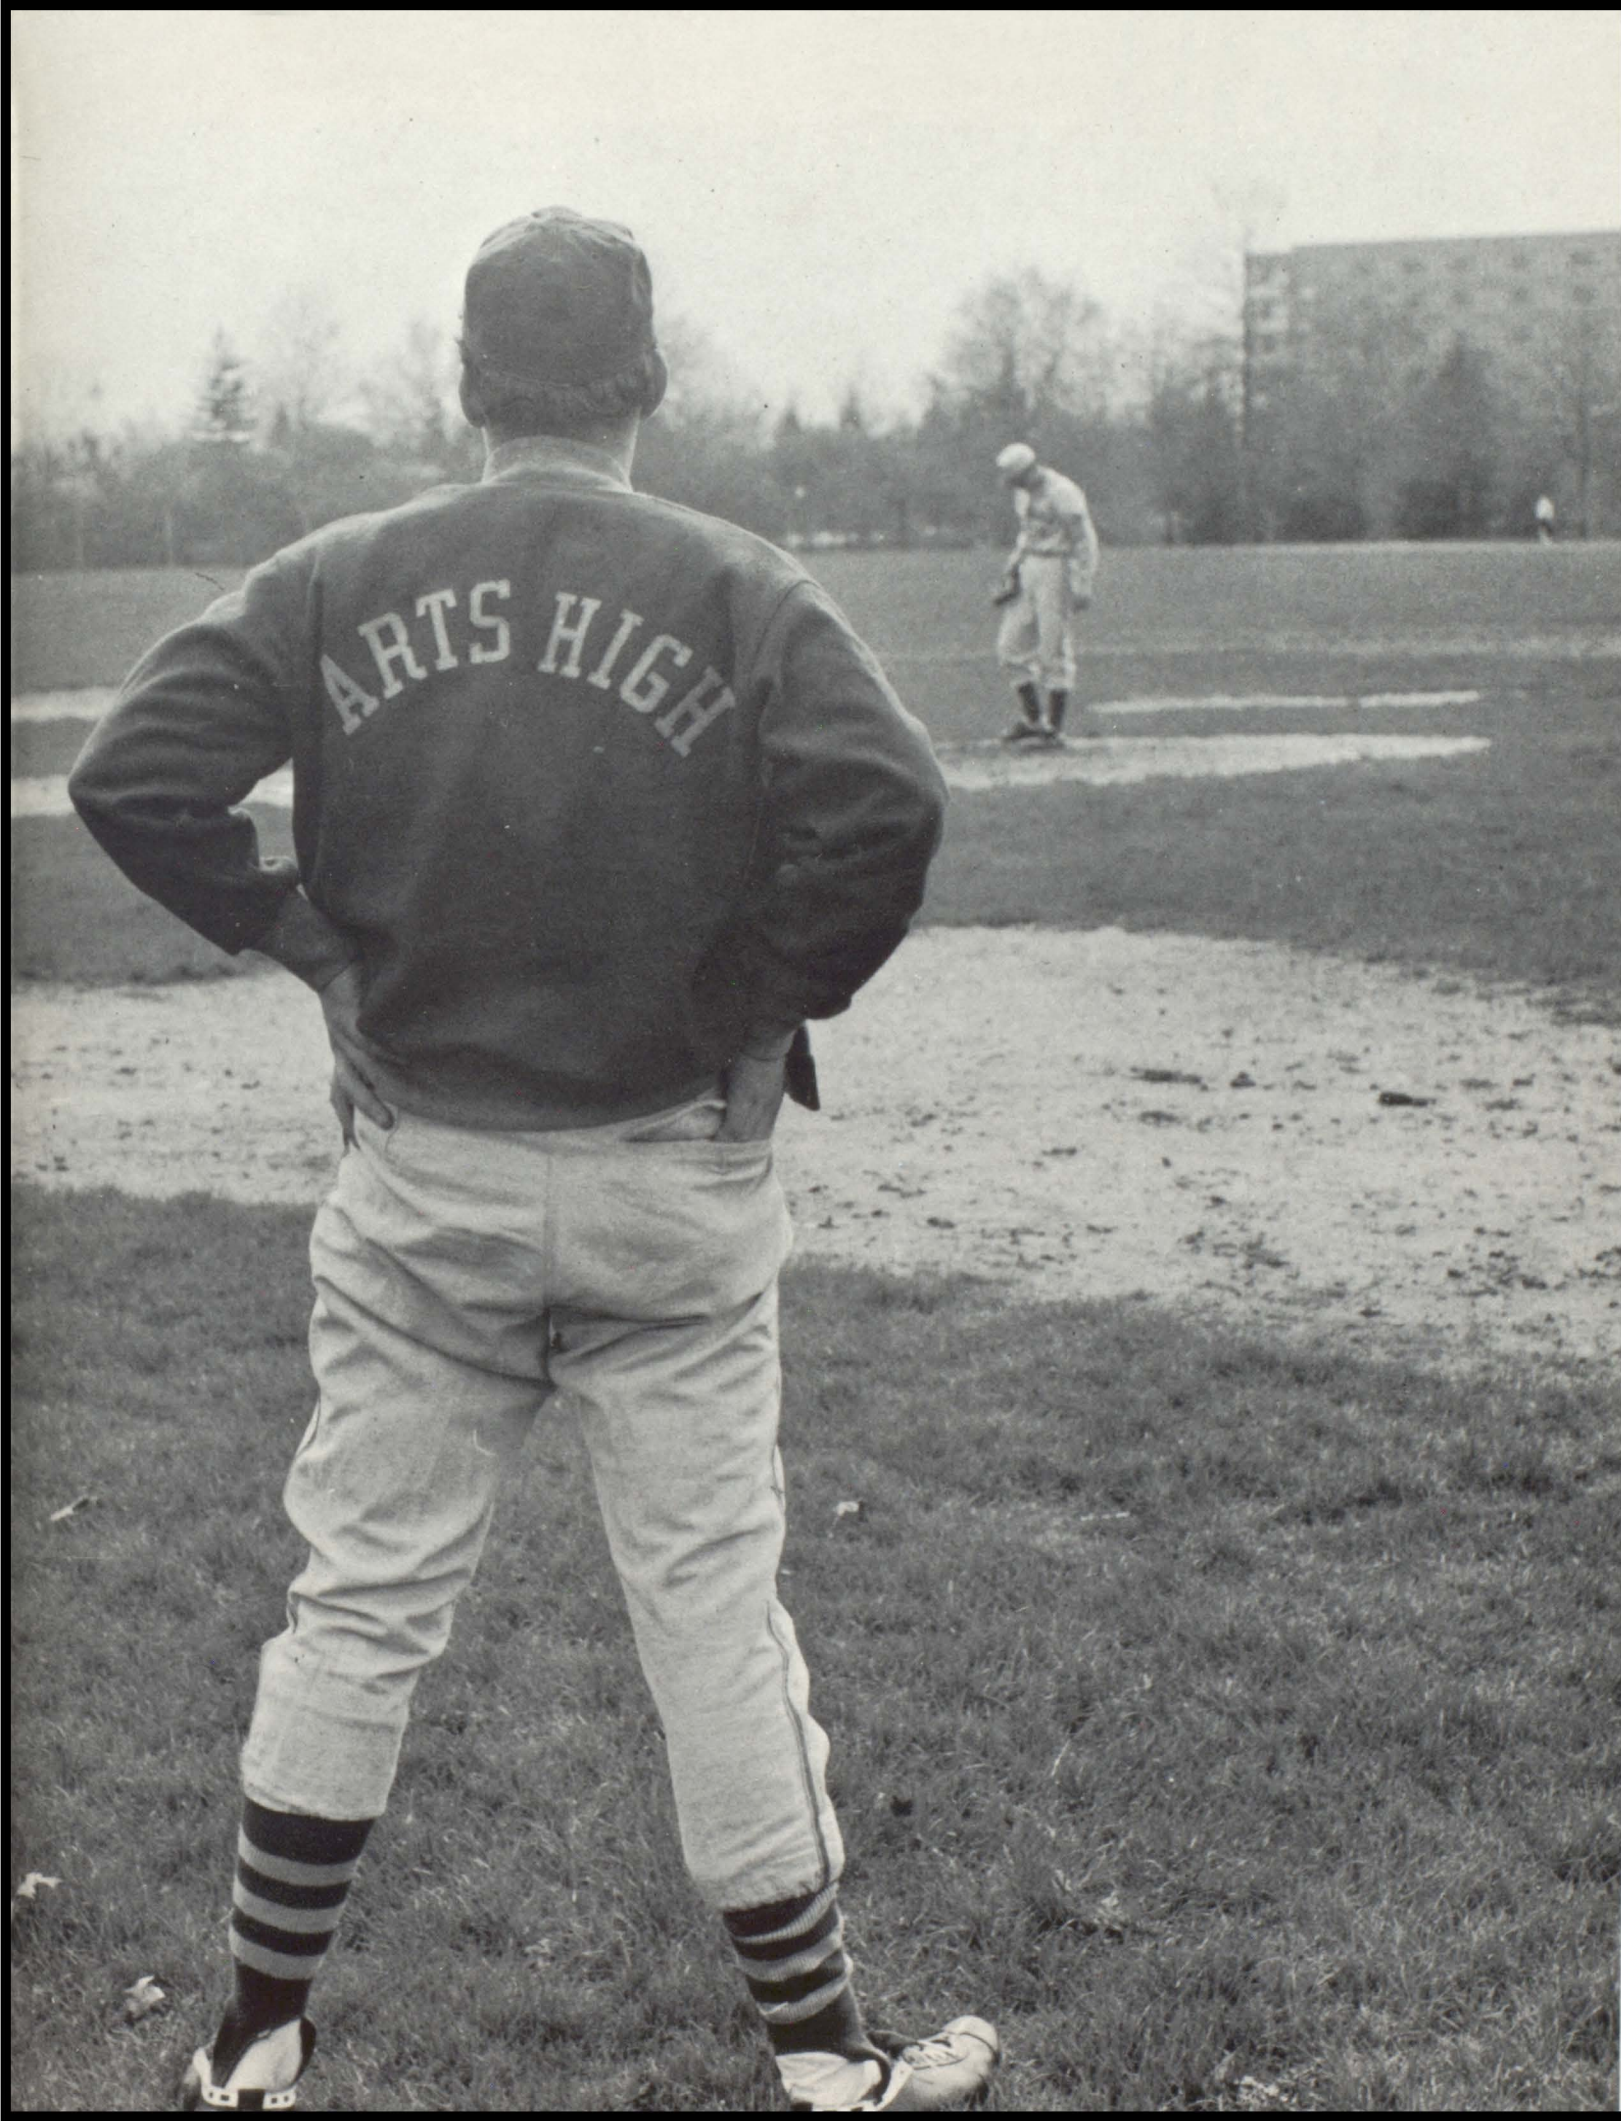

"The National Honor Society is not only an honor, but fun."

The 1964 team was a high-spirited, hard-working group. The boys tried to have a successful year. The team's major drawback was in the pitching, principally because of the inability of the pitcher to get the ball across the plate. The result, of course, was a good deal of "legal walking" by the team's opponents. Coach Lang describes the team as hard-working and enthusiastic. He is looking forward to the 1965 season as a successful one since the team will by that time have gained valuable experience.

Arts High's basketball team enjoyed its most successful basketball season this year compiling a 16-7 slate. For the second consecutive year the team shared the championship of the New Jersey Vocational and Technical School Conference. Irvington Technical was the co-champion. Arts' most thrilling game was a come-from-behind victory in overtime with a score of 55-51 against Kennelon High in the State Tournament. School spirit was engendered through a pep rally; good attendance was very evident during the State Tournament games. Alvin Fudge, Gene Lane, and Tyrone Butler were the bulwarks of Arts' offense.

Let's dance the "Jerk and Twine."

FACULTY VS VARSITY GAME

"Ah . . . food!"

You can depend upon the Faculty-Varsity Basketball Game and Dance for real entertainment each year. The varsity players were dazzled by the fancy footwork and superb ball-handling displayed by the faculty squad members. With Mighty Mr. Tobia conducting and "Twinkle Toes Voller" counseling the veteran strategists, our inexperienced varsity players never had an opportunity to score. The game was filled with excitement even to the final moments when the faculty triumphed again over the varsity players. After the game there was some artful maneuvering on the dance floor, also.

SOCCER

The soccer team in 1964 had a record of three wins and nine losses; however the spirit of the team was excellent. In fact, the outstanding feature of this team was the hard work and the enthusiastic cooperation of the boys, despite the bad breaks that prevented more victories. Our two strongest opponents were West Side and Vailsburg. The State Group Three Championship was won by Vailsburg.

With any luck and continued enthusiasm we should have an excellent record this coming season. Another reason for optimism for 1965 is that the nucleus of next year's team indicates that we may have a better team.

SWIMMING TEAM

This year the swimming team had a very successful season finishing with a record of 9 wins and 4 losses, and fourth place in the city meet. Much of the credit for this record must be given to the team's five senior members; co-captains Terrance Glynn and Vernon Edwards, Ihor Wynarczuk, Larry Pyatt, and Mike Jaworski. Their graduation will leave a tremendous gap in the team's roster which will be filled in part by some promising underclassmen.

Coach Knobler must now start on a major rebuilding program looking to the future for new talent to bring the team again to winning capability.

TRACK

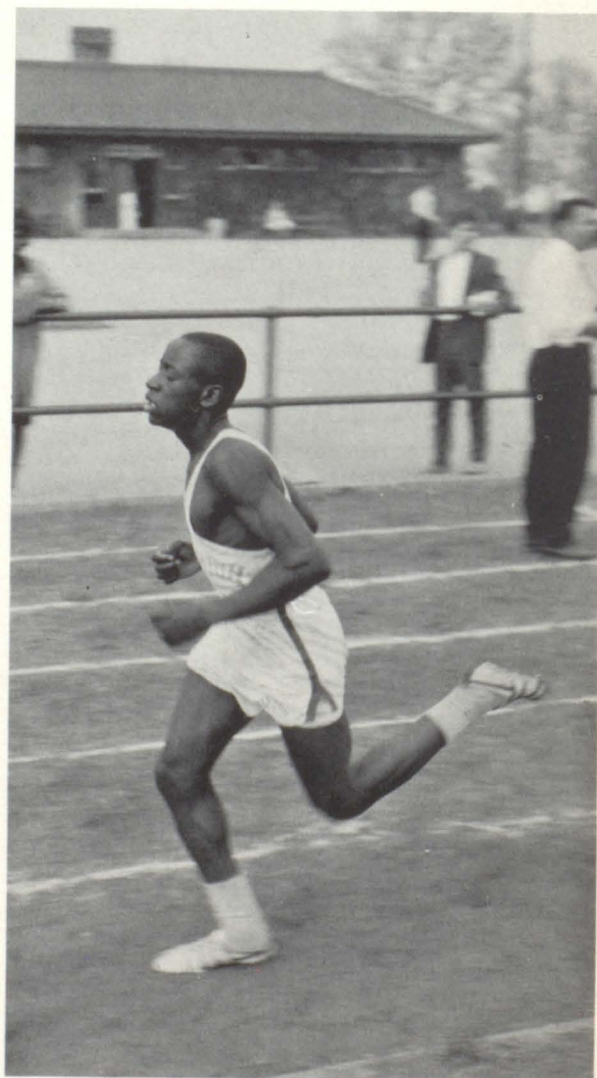

Our track team had a successful season with a record of 6 wins and 7 losses in dual meets. The team finished in the State Technical School League. The medal winners were Winston Jones, Bob Fuller, Spencer Robinson, Martin Cirksey. Graduation took many top performers from our '64 team. Among these graduates were Vinnie Holme, our captain and half miler, Douglas Randolph and Tyrone Howell, both hurdlers and high jumpers. Gary Seaman, our record breaking pole-vaulter, Bob Fuller, our dash man, and Spencer Robinson, our broad jumper and dash man were other graduates.

The 1965 team will be bolstered by a nucleus of returning lettermen including Richard Caldwell (co-captain), dash man, Belton Brevard (co-captain), a half miler, Martin Cirksey, last year's leading scorer, John McLean, a half

miler, Alvin Fudge, miler, Winston Jones, dash man, John Iwanechko, pole vaulter, Clarence Drayton, broad jumper, and William Griffin, hurdler. Other promising boys include Robert Johnson, Bill Bland, Howard Roberts, Mike Martino, and Edward Tittle.

The cheerleaders not only represent Arts at the basketball games, but also have the privilege of marching in the various parades in the spring. There are two squads, the Varsity and the Junior Varsity. Both are chosen by Miss Abos and a panel of teachers each spring. The Arts High yearbook, Vignette, under the direction of Mr. Knobler, Mr. Shapiro, and Mrs. Furst, is produced by the students of the Vignette's financial, art, photography, literary, and typing staffs. Working on the yearbook gives valuable journalistic experience complete with reporting assignments, re-writes, and the meeting of successive deadlines throughout much of the school year. The art work and layout of the yearbook are handled by the senior commercial art majors giving experiences that will be valuable to those who choose commercial art as a career. The business staff of the yearbook takes care of the financing of the Vignette. This is an all year activity and gives the students involved an insight into business and the importance of record keeping.
